resume

The question about the administrative precedent, the previous decision of the Administration on a similar and previous issue that is currently to be resolved is in the background, there have been different doctrinal opinions in Uruguay and the compared one. In this work we made a compilation of the different positions to bear away, in short the final conclusion on a subject whose discussion is not in line with myism; on the contrary, there is an open fall on the ground on the conditioning that supposes for the Administration the existence of the precedent, bell on the reach of the sameism with respect to other Public Administrations.
